Notice of Permit Renewal for ECDC Environmental Landfill

ECDC Environmental, L.C. (ECDC) submitted an application and supplemental documents for the permit renewal of their landfill located in East Carbon, Utah. ECDC is a commercial landfill that accepts non-hazardous waste. Hazardous wastes are prohibited for disposal at this landfill. The Division of Solid and Hazardous Waste has reviewed the permit renewal documents and has prepared a Draft Permit. The *Utah Solid Waste Permitting Management Rules* requires a public comment period to receive comments on the permit modification prior to any action by the Executive Secretary or the Utah Solid and Hazardous Waste Control Board.

The permit renewal application and documents propose two significant changes to the current landfill design. These changes include implementation of an alternative final cover and proposed changes to part of the liner design. Documents describing these changes are available as part of the public review and can be viewed at the locations described below. The Division of Solid and Hazardous Waste has reviewed these changes and has concluded that the proposed design changes to the liner and the alternative final cover do not impact the environmental integrity of the landfill.

The public comment period to receive comments on the permit renewal will commence on September 25, 2007 and end on October 24, 2007. A public hearing has been scheduled on October 11, 2007 beginning at 5:00 p.m. in the East Carbon Council room. The address is 101 West Geneva Drive, East Carbon, Utah 84520.

Copies of the Draft Permit and the documentation supporting the liner design change and the alternative final cover, as well as all the other documents required for permit renewal will be available for public review throughout the comment period during normal business hours, or other times with prior arrangement, at the following locations:

Division of Solid and Hazardous Waste
Utah Department of Environmental Quality
288 North 1460 West, 4th Floor
Salt Lake City, Utah

Southeastern Utah Public Health Department
28 South 100 East
Price, Utah
(435) 637-3671

An unofficial copy of the documents is available for viewing on the Division web page at www.hazardouswaste.utah.gov/hpc-1.htm.

Written comments will be accepted if received by 5:00 PM on October 24, 2007 and should be mailed to the address below or delivered to the division address above.
